

# Study in New Zealand

*Live your Kiwi Dream with APIIT*

As students rush to pursue their university degrees in countries of their choice, New Zealand is a top contender for dream destinations.

Study in a country that has one of the best education systems in the world, enjoys a very high quality of life, and is ranked as the third most beautiful country in the world.

## **High-quality education**

New Zealand's qualifications are world renowned, with every university being in the top 3% worldwide. The institutions work closely with industry, businesses, and communities to support students to become 'work ready'.

All eight of our universities are in the top 3% in the world. An education from New Zealand provides you with personalised learning and academic excellence.

## **Unbeatable lifestyle**

New Zealand is known around the world for their incredible work-life balance. It continues to offer the world's highest quality of living, not far behind the US in GDP per capita and far ahead of it in a number of quality metrics. In addition, New Zealand has been ranked the second most peaceful and safest country in the world.

## **Work ready**

A New Zealand education gives you skills that prepares you for the future of work. The teaching style and practical, hands-on, way of learning gives graduates strong employability skills. While studying, you could also support yourself with paid part-time work. A part-time job gives you valuable experience in the New Zealand workplace, especially for future employability.

## **Lower tuition fees and costs of living**

The tuition fee is comparatively lower to that of studying in other countries that Sri Lankan students commonly select. The cost of living of New Zealand's cities compares favourably with other major cities around the world. The cost of living can be cut down depending on location, interests and choices.

## **New Zealand Education Fair 2023**

If New Zealand is on your list of dream destinations, the New Zealand Education Fair 2023 is a must visit event for you!

Meet top university representatives and get all the information needed to study in New Zealand. Partnered with Education New Zealand, the event will offer free guidance on placements and visa advice. Students will be able to get university placements at the fair, as well as receive information on scholarships, discounts and payment plans.

The event will be held on the 25<sup>th</sup> of February from 9 am – 5pm at the Taj Samudra, Colombo. Entrance free and all are welcome!

### **Study directly in New Zealand, or start your degree in Sri Lanka**

The NCUK International Year One is a first-year undergraduate equivalent programme that builds students' knowledge and skills. It prepares and qualifies students for entry to the second of undergraduate degree courses offered by NCUK Universities.

NCUK guarantees students a place on a programme of study at one of the NCUK Universities, provided that the student performs to the level specified by the NCUK Guarantee. APIIT is now proud to offer the NCUK Year One in both Law and Business.

NCUK International Foundation Year is a unique qualification that helps students transition from secondary to tertiary education. Established in 1987 in the UK, NCUK is a consortium of leading universities dedicated to giving international students guaranteed access to universities worldwide and helping them succeed when they get there. The systematic process enables students to receive the support needed from registration for the qualification, right until they settle in at university on completion of their programme.

### **Available now in Sri Lanka only through APIIT**

With over two decades of proven excellence, APIIT Sri Lanka is a reputable higher education institution established in partnership with Staffordshire University in the UK and Asia Pacific University of Technology and Innovation in Malaysia.

APIIT is proud to offer NCUK International Foundation Year to the fourth cohort of students. Students who have completed their Cambridge/London/Sri Lankan O/ Levels may apply.

APIIT is pleased to announce the launch on the NCUK International Year One in Business Management and Law for students who have completed A/L Examinations. Students pending results may apply.

APIIT is one of the largest providers of foreign degree programmes in Sri Lanka. APIIT delivers Business awards from Staffordshire University in Business Management, Computing/IT and Law. APIIT has over 2,200 students in enrolment and an annual intake of over 1500 students. APIIT Sri Lanka aspires to 'inspire love for learning' in all students and through them within society.
